# NEWS ALERT !

**We Do Not Only Make Environmentally Friendly Packaging Materials And Corrosion Inhibitors,  
We Embraced The Anthropology Of Environmentally Friendly VBCI Packaging Materials And Corrosion Inhibitors.**

## Environmentally Friendly Corrosion Inhibitors

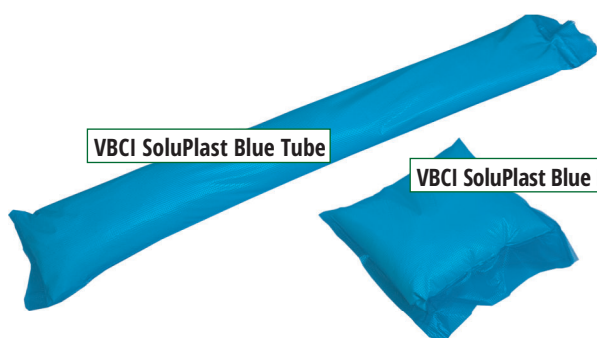

Magna International is pleased to announce that with the successful development of **Vapro SoluPlast** Water Soluble Plastic Film, we are now embarking on the anthropology of a range environmentally friendly VBCI packaging materials and corrosion inhibitors.

We take a broad approach to understanding the many different aspects of the human experience through time and space and in relation to physical properties of our chemicals, environmental and social relations, and the broad culture of different countries.

The said corrosion inhibitors will be classified as **EFCl's (environmentally friendly corrosion inhibitors)**, **GIs (green inhibitors)** and **VBCIs (vapor bio corrosion inhibitors)**.

**Vapro SoluPlast** is our latest invention on the anthropology of our packaging materials. The said product will made available end July.
