

Vapro VBCI-812

A Revolutionary Organic Neutral pH Rust Remover And Flash Rust Inhibitor

NATO STOCK NUMBER: 6850-32-082-7738

Description

Vapro 812 is a revolutionary organic neutral pH rust remover that effectively removes rust and tarnish from both ferrous and non-ferrous metals by chelating the ferrous ions from the surface of metal.

Unlike conventional rust removers, which are corrosive, dangerous to use, handle and store, Vapro 812 is biodegradable and is safe for humans, environment, metals and does not cause any hydrogen embrittlement.

Vapro 812 is 100% organic and is an excellent replacement for conventional rust removers where chemical waste disposal has to be observed. It does not require rinsing with water or neutralization after application.

Features & Benefits

- Safe for humans, environment and metals.
- Effectively cleans and removes rust from both ferrous and non-ferrous metals.
- Non-polluting to environment.
- Does not harm skin.
- Non-Flammable.
- Completely organic.
- Fortified with corrosion inhibitor to prevent flash rusting.
- No rinsing required or neutralization required.
- Safe-to-handle, use and store.
- Biodegradable.
- Odorless.
- Colorless.
- Effectively loosens rust-seized parts.
- No neutralization with alkaline solution required.
- Does not cause any hydrogen embrittlement.
- Listed on NATO MCRL (Master Cross Reference List).

Applications

- Cleaning of Heat Exchanger Tubes.
- Loosens rust-seized parts or components.
- In-process rust removal for components, parts and equipment.
- For removal of rust before spray painting.
- In-process rust removal of automotive parts and components.
- In-process rust removal of pipes and pumps.
- For removing rust from marine structures.
- In-process cleaning of piping systems for Marine, Shipping, offshore and Oil Industries.

Typical Properties

Appearance

Free Flowing Liquid

Colour

Colorless

Odour

Odorless

Flash Point

Non-Flammable

pH

7

Specific gravity

1.04 ± 0.05

Directions for Use

- Light rust : Brush or spray.
- Heavy rust: Soak parts into Vapro 812 for 15 to 30 minutes.

Available Packaging

20 liters Pail, 200 liters Plastic Drum
