

Vapro VBCI-MBLS 2001

VBCI Solvent Additive

NATO STOCK NUMBER: PENDING

Description

Vapro VBCI-MBLS 2001 is a concentrated Corrosion Inhibitor Solvent Additive, specially developed for corrosion control in high humidity and high salinity environments. As a corrosion inhibitor additive, Vapro VBCI-MBLS 2001 is the panacea to all your corrosion problems. It is used as corrosion inhibitor for solvent-based coating/paints, cleaners, paint strippers, metal working fluids and vapour degreasing chemicals.

Vapro VBCI-MBLS 2001 VBCI additive enhances the performance of your product line and does not contain nitrites, hydrazine, molybdates or heavy metals. Vapro revolutionary VBCI technology is an environmentally safe alternative to traditional corrosion inhibitor formulation.

Vapro VBCI-MBLS 2001 can be formulated into your product to give corrosion protection capabilities. Vapro VBCI are self-replenishing for uninterrupted protection through Vapour phase, interphase and direct contact protection.

It gives your products added market value without drastically increasing your cost. Your customer will be able to protect both ferrous and non-ferrous metals, simply by purchasing your VBCI enhanced products.

Features

- Does not contain nitrites or heavy metals
- Enhances the performance of your product line
- Environmentally friendly
- Uninterrupted Protection through Vapour phase, Interphase and direct contact protection
- Gives your products added market value
- Cost-effective additive
- Low dosage – 0.7 – 3% by weight
- Added value additive helps to generate sales and create inroads to untapped markets
- Broad-ranging industrial applications

Application

Vapro VBCI-MBLS 2001 can be formulated into solvent degreasers, cleaners, solvent-based coatings/paints, paint stripper, metal working fluids, vapour degreasing chemicals and ultrasonic cleaners.

Typical Properties

Appearance

Free Flowing Liquid

Colour

Colorless

Solubility

Soluble in organic solvent

Specific Gravity

0.85 ± 0.025

Flash Point

110°

Boiling Point

255°C

Metals Protected

- Copper
- Brass
- Aluminum
- Iron
- Nickel
- Carbon Steels

Available Packaging

20 liters pail / 209 liters drum
