

Vapro VBCI-810G

Non Rinse Gel Rust Remover

NATO STOCK NUMBER: PENDING

Description

Vapro VBCI-810G is a viscous gel rust remover that effectively removes rust, stains and tarnish from iron, steel, brass, copper, aluminium and chrome.

Unlike conventional rust remover, Vapro VBCI-810G prevents flash rusting after rust removal. Its corrosion inhibition properties inhibit metals against corrosion after rust removal.

Special Features

- No rinsing needed
- Eliminates the problems of waste disposal
- Effectively removes rust, stains and tarnish from both ferrous and non-ferrous metals
- No adverse effects on most paints, plastics, wood, ceramics and rubbers
- Prevents flash rusting on metals after rust removal
- Corrosion inhibitors protect metals against corrosion after rust removal
- Clings to vertical surfaces, overhead or underside of horizontal surfaces
- Non-dripping
- Safe to handle, use and store
- Non-flammable
- Non-polluting to environment
- Suitable for indoor, outdoor and marine applications

Application

- Trucks, cars and other vehicles
- Superstructures for marine and offshore
- In-process rust removal for metal parts
- Automotive, marine and offshore equipment

Before treatment

After treated with VBCI-810G

Directions for Use

Vapro VBCI-810G can be applied by means of a brush. Apply Vapro VBCI-810G directly on rusted surfaces and leave for 10 to 20 minutes before wiping off with a cloth.

Available Packaging

20 liters pail / 200 liters Steel Drum

Typical Properties

Appearance:
White gel

pH:
 1 ± 0.5

Odour:
Mild

Viscosity:
Viscous gel

Flash Point:
Non-flammable
