BIODEGRADABLE

VBCI Series- A class of environmentally friendly corrosion inhibitors for a cleaner, greener, better tomorrow.

Vapro VBCI-FPR Finger Print Remover

CONFORMS TO MIL-C-15074C

Passed German VIA (Vapour Inhibition Ability) Test TL 8135-002

NATO STOCK NUMBER: PENDING

Description

VAPPRO VBCI-F.P.R., finger print remover rust-inhibiting fluid conforms to MIL-C-15074C. It is used for removing finger marks and displacing water. This typically between -operations product gives a very adherent greasy film, which provides temporary protection under shelter.

VAPPRO VBCI-F.P.R. is specially recommended for the temporary protection of parts being machined. Its property of removing finger marks and high flammability temperature make it an essential between -operations product.

Specifications

Colour

Dark Brown
